

Pig Focus Asia 2020

Asia's leading technical conference

23-24th March 2020
Bangkok, Thailand

A leading conference on the technical aspects
of the management of pigs in Asia

We utilise leading technical people from the nutrition,
health and breeding sectors to bring you up to date
with the latest developments in our industry

- How can I be exposed to less antibiotic resistance?
- Key factors influencing health and productivity
- Are two metals better than one?
- Realising the benefits of welfare
